### GRAPHICS.

Cool nights.  
Frost soon.  
Pleasant weather.  
County Court in Session.  
Normal opens next week.  
Public schools on the seventeenth.  
Be sure and read our new story.  
County fairs are raging in various  
places.

The Graphic has scored another big  
week on job work.

The payment of back subscriptions  
and dues to the printer is in order.

There seems to be an epidemic of ac-  
cidents to little folks.

Work is going forward rapidly on  
Smith's Institute building and it will  
soon be ready for the plasterers.

The Normal grounds are becoming  
quite attractive. A few more years and  
proper care will make a handsome  
park.

Jas. Shahan is erecting a new bridge  
over the Normal pond and the walks  
are to be changed to suit.

Mr. John W. Tinsman, the scenic ar-  
tist, has been at work this week de-  
corating the ceilings of postmaster Mil-  
ler's new residence.

Anna, little daughter of Mrs. J. B.  
Finch fell out of a hammock at the re-  
sidence of S. M. Link, Tuesday after-  
noon, and sustained a fracture of one  
of the wrist bones, besides other bruises  
and hurts. Dr. Grove set the broken  
bone.

Sunday morning one of Mr. Shing's  
little boys, in the south part of town  
fell over some boards and broke an  
arm. Dr. Morrow attended the case,  
and the little fellow was doing well at  
last accounts.

It our citizens generally would take  
a little more care and pride in the way  
of fixing up their yards and fences and  
keeping their houses nicely painted it  
would add fifty per cent to the appear-  
ance of the town and be a source of  
profit and pleasure to property owners  
themselves. Try it.

at MAYNARD'S.

### House Keepers.

All house keepers, for the ladies are  
most directly interested, should call  
and see the new "Peninsular" cooking  
stove with the extension top and hot  
water reservoir, and made to burn  
either wood or coal, now on sale at

BECKTOL & SNYDER'S.
